## GAVE UP REBEL SHIP

KEUGER SECURES POTEMKINE

The Rebels Surrendered to King Charles of Roumania, Who Gave Up the Ship But Protects the Men

St. Petersburg, July 10.—Admiral Keuger on Sunday took possession of the *Kniaz Potemkine*, surrendered to King Charles of Roumania by the rebels. The Roumanians will treat the insurrectionary sailors as political refugees and will not deliver them to Russia. The ship was in an awful state and marks of blood were every where, occasioned by the murder of the officers. Matuechenko leader of the rebels having murdered ten officers himself. Seven officers were aboard as prisoners and were in a pitiable condition from ill treatment.

## AT CALGARY FAIR.

Mr. R. Hockley returned on Friday from Calgary, where he was attending the Grand Lodge of the Knights of Pythias and incidentally the Calgary fair. To the Bulletin he said there was a large crowd at the fair, but the complaint was universal that it was very much below the mark. General dissatisfaction was expressed at the horse-races and attractions. The absence of harness horse races seemed a cause for disappointment. The exhibits were of good quality, but few in number. The general comment was that the whole affair was a fizzle.

Mr. Hockley says that the feeling against Edmonton and the North has reached an acute stage in Calgary. The mention of this city is a red rag to a bull. Even clerks will quit business to talk against this city, and in some cases have been positively insulting to customers from the North. He speaks well, though, of the mayor and other town officials.

The meeting of the Grand Lodge, K. of P., Mr. Hockley states, was the best in its history, and was very satisfactory in every way. The next place of business was fixed for Winnipeg, with the understanding that if the C. N. R. is running a satisfactory passenger service into this city of which there is no doubt, it would be changed to Edmonton. Mr. Hockley is Grand Vice Chancellor of the Grand Lodge, K. of P., for the ensuing year.

## LIBERAL PROVINCIAL CONVENTION

A Liberal convention for the new Province of Alberta will be held at Calgary on Thursday August 3rd, next at ten o'clock a.m. Each local provincial constituency will be entitled to be represented by seven delegates. A. C. Rutherford, M.L.A. of Strathcona has been appointed convenor for the local constituencies situated in the Federal district of Strathcona and C. W. Cross of Edmonton occupies the same position with regard to constituencies in Edmonton Federal district.

## THE JAPANESE FLAG

FLOATS OVER SAGHALIN

St. Petersburg Alarmed at the News That a Japanese Squadron Has Landed Troops on the Northern Island.

St. Petersburg, July 10.—With the Japanese flag hoisted for the first time on Russian soil after eighteen months fighting the importance of the landing on Saghalin isle is admitted. The holding of Saghalin puts a powerful lever in the hands of Japanese diplomacy during the peace negotiations. The irreconcilables declare it makes peace impossible, but others admit the peace will be most costly now in any event. The news of the landing was most startling to Russia. The landing was effected by two battleships, seven cruisers, three gunboats, thirty-six torpedo boats and ten transports loaded with troops at the village of More. The Russian commander destroyed all guns, defenses and buildings and hurriedly retired into the interior. The Potemkine incident takes the second place now in public discussions.

## WEATHER.

Winnipeg, July 10.—Probabilities are: Light moderate, south to west winds, fine and warm today with a few scattered showers, Tuesday fine and warm.

Temperatures recorded during the past twenty-four hours—

	Max	Min
Edmonton.....	78	50
Red Deer.....	84	50

## THE RESOLUTION DISOWNED

The Strathcona Chronicle makes the following contribution to the early political literature of the Province of Alberta:

In the editorial columns of last evening's Edmonton Bulletin appears the following falsehood concerning Mr. Haultain:

"That honorable gentleman put himself on record two years since by moving in the Territorial convention of Conservatives that 'At the next general Territorial elections Conservative candidates as such be put in the field in each constituency and kept there until the close of the poll.'"

This statement is absolutely false. The Bulletin's reasons for this misrepresenting that gentleman's past and present attitude in this particular are obvious."

From which it is a reasonable conclusion that the Chronicle would deny the Ten Commandments if the deviations of Mr. Haultain therefrom seemed likely to damage his political program.

## A FATHERLESS CONVENTION

The following curious announcement appeared in a recent issue of the Calgary Herald:

"At the request of leading electors from almost all parts of the High River electoral district, all electors who favor contending for provincial rights in the coming election are asked to meet in the Orange Hall, Okotoks, Tuesday, July 11 (Fair Day) at 11 a.m., to decide upon a time and place for and basis of representation to a convention; to frame a platform and select a candidate. The hall is near the fair grounds and the railway station. The time has been set to accommodate those coming by train from the southern portion of the constituency."

The irresponsible nature of this invitation is worthy of note. Among all those leading electors from almost all parts of the High River electoral district not one to stand forth to this point of view, to give it the dignity and standing of his name or assume responsibility for its conduct or even for its existence.

Not less noticeable is the vague wording of the solicitous paragraph. Neither Liberals, Conservatives, Haultainites, Hereditaries nor any other known or knowable class are addressed. The authors are concealed in the distorted phrase by which Conservatives have endeavored to give unto themselves a new name of such deceptively pleasing sound that disgruntled or unwary Liberals might be coaxed into an alliance with their disguised enemies.

The apparent intention was to spread the impression that the gathering at Okotoks will be a kind of spontaneous assembly inspired by the wrath of the down-trodden electors of High River.

Without wishing to appear over-suspicious, we confess to a deeply grounded surmise that this gathering is called by the Calgary Herald, under the auspices of Hon. J. W. G. Haultain, in furtherance of the "independent" campaign for the election of "Conservative candidates as such."

## A TROUBLE MAKER

Regina Leader: Mr. Haultain, the non-partisan in the Northwest, was merely the tool of the Conservative leader in Ontario. And, following the election, Mr. Haultain further advertised himself as a partisan tool by giving out the following interview at Woodstock:

"He was disappointed with the results, but if Ontario would not assist in the fight the Northwest would have to carry it on alone. The Ontario Government had so arranged the local constituencies as to make it difficult for him to carry either province, but he still hoped to succeed in obtaining control of one of the two, and if he did he would certainly continue the fight for provincial freedom."

Mr. Haultain thus makes the direct threat that, regardless of his recent declaration that if he were dictator the Northwest school system is so perfect he would not alter it, he will,

if given control of one of the new Provinces, for the sake of Conservative party advantage, sacrifice peace and material welfare by provoking discord over the school question. In other words the school system with which everybody in the Northwest is satisfied is to be altered by Mr. Haultain, not because it is bad, not because it needs amendment, not because the Autonomy Bill is different as regards education from what he asked in his Draft Bill, but merely because the Conservative party has raised a technical provincial rights cry, and Mr. Haultain is willing to play the part of a Conservative party tool.

Mr. Haultain has shown his lack of confidence and of courage to appeal to the Northwest people on the Autonomy issue, but the time must soon come when he will be forced to face the people of either Alberta or Saskatchewan. All patriotic citizens of the Northwest would wish the provincial elections to be fought out on issues material to North-West development. But Mr. Haultain at Woodstock has defined another issue.

"One new Province will have to choose a local government leader either in Mr. Haultain for the express purpose of making trouble and preventing that harmony which is essential to material development over a hypothetical school question, or in some other man who may be sane and sensible enough to be willing to work under a school system that is excellent and satisfactory in every respect and whose motto will be peace and progress rather than disturbance and stagnation."

## The Opposition

Commenting on the length of the present session the Montreal Gazette, the senior Conservative organ hands out the following earnest thoughts to its friends in the House:

"The Opposition has even more than the Government to gain by the recess coming at an early day. It is demoralized, its criticism has degenerated into vain and obstructive talk. It has lost in the country and it is losing more. The sympathies of the Catholic voters have been divorced from it. If there were a general parliamentary election next month it is doubtful if five Conservatives would be elected in the great and growing province of Quebec. What it has lost among the Catholics and in Quebec, has not been made up for with any other class or in any other part of the country. Edmonton, London and North Oxford all tell one tale. Even in the latter constituency, while the Liberal majority was reduced, the Liberal voting strength was not shaken. Mr. Smith got more votes in June than did Mr. Sutherland, a minister, in November. Whatever defections there were from the Liberal ranks were off-set by accessions from some other sections of the voters. It is not necessary to discuss at length the cause of this state of affairs. It is a condition and not a theory that confronts the party. Mr. Borden in his amendments to the Alberta bill, laid down a safe principle in regard to the educational system of the provinces to be. Catholics may have reason to understand this before long, but the party got away from the safe issue. Some of its members in parliament led the divergence. Newspapers and men who were not in Parliament aggravated it. The campaign in London and North Oxford assumed some of the features of an anti-separate school agitation. This was not justified by the traditions of the Conservative party, by the utterances of its parliamentary leader, nor by considerations of policy. It meant party loss without party gain, and as long as the autonomy bills are a subject of discussion the opportunity for retrieving that loss will not be found. There is nothing to be gained by prolonging a hopeless fight against an unbeatable majority in the House of Commons. Especially is there nothing to be gained by such useless repetition of what once was argument, as marked the closing days of last work. That is unless the early adoption of closure is counted a gain. There is one duty before the opposition. It is to plainly state its position on the clauses of the autonomy bills that are yet to be dealt with, take the sense of the House of Commons on the case as stated, leave to the Government the responsibility of its policy, and, helping to expeditiously finish the rest of the session's work, get home. So only can the mistakes that have been made be put out of the way and be forgotten, and the party be placed in a position to deal effectively with the financial and economic issues that impending events promise to bring to the front at an early day.

## Dr. Roy.

Dr. Roy, who has been in New York for the last two months wishes to let his clients know that he will be in his office for consultation as before, from 2 to 5 every day. Specialties: Surgery and Diseases of the Eye, Ear, Nose and Throat. Dr. Roy's private residence for some time will be at Mrs. Harrison Young's, on Fifth street. ## ANDERSON'S BRICK YARD

## PROGRESS OF AN INDUSTRY

The Source of Supply for Pressed Brick in Western Towns—Plant Largely Increased and Improved

The advance of the city's industries is quite often not recognized in the hurry of business, unless occasion is taken to look into the rapid strides some of them are making. The Bulletin had occasion to visit the brickyard of P. Anderson & Co. the other day and was surprised to see the extent of these works. This season the company has already made 1,250,000 common brick, 200,000 pressed brick, 90,000 fire brick and 25,000 drain tile. They have over 1,000,000 common and 75,000 pressed brick ready to burn. They have three kilns burning now containing over 500,000 common and 100,000 pressed brick. Their output for the season will exceed four million common and nearly a half a million of pressed brick.

Extensive buildings have been erected in connection with the plant and a new brick engine house is among the prospective improvements for this year. Two new road-down draft kilns for burning pressed brick are under construction at present. The machinery is driven by an 80-horse power engine and some forty-five hands, under foreman J. P. Henry, are engaged in this enterprise. Mr. Anderson freely compliments Mr. Henry as a foreman and the very small waste of bricks burn attest to the carefulness of the man in charge. A drying room has been erected to take the place in part of the old sun drying process. This room is fitted with 13,000 ft. of steam pipes and utilizes the exhaust, returning it to the boiler as it condenses. In this room from 15,000 to 18,000 bricks per day are dried.

The company has fitted up their own machine shop and blacksmith shop for repairing and sharpening machinery and tools. The pressed brick are made from dry clay carefully mixed and then submitted to a pressure of 10,000 lbs. to the square inch. The machine for making the common brick cuts off 12 brick at a time and turns them out at a rapid rate.

Mr. Anderson says the demand is still greater than he can supply. He shipped a car of pressed brick to Leduc on July 6th, two cars to Lethbridge and one to Fernie, B.C., within the last two weeks and two cars to Calgary on July 6th. He has orders now to fill in Regina and has the Bank of Hamilton in Moose Jaw and the Merchants Bank in Wetaskiwin to supply. The prices are very reasonable, \$20 per thousand for pressed and \$25.50 and \$9 for common depending upon the quantities taken.

The successful manufacturer of brick requires a good deal of care and skill, from the mixing of the clay to the firing, if not properly handled and attended to with care the result will be enough broken and spoiled brick to destroy the profits of the institution. The company also manufacture ornamental brick of every conceivable pattern. Hollow blocks and drain tile have been made in small quantities but as yet the demand for these is small. The inside of a burning kiln of pressed brick is about as hot a place as a man would care to look into. The fire in these kilns is started very slowly and the warming up process has to be very gradual or many of the brick would be destroyed.

Mr. Anderson says it is their purpose to go on extending their works to meet the demand and he expects very soon to have the largest and most complete plant for the manufacture of brick in Canada. In the last three years the capacity of their plant has been increased until it is now four times as great as then.

## THE ALBERTAN MAKES MERRY

Commenting on Thursday's ball game in which Calgary got away with the Capitals the Albertan says: "It is one of the pleasant things in life to sit out a ball game when the home team is winning. But it is the very climax of pleasure to see the Calgary baseball team get after the gentlemen from Edmonton, who play the game after a fashion. If you do not believe it, go out to the game this evening and try it. "Calgary has been up against Edmonton this two times, and on each occasion the long end of the runs came to Calgary, and as it was in the

beginning so it will be in the end, and so forth.

"The Edmonton ball team is not to be despised. They have a good team of ball players, even though they get beaten most of the games. They had two pitchers with them last night, one with whom Calgary batters got very friendly, is called Vining. With his side partner, Caster, who occupies the vacant space behind the bat, he hiked in from Spokane, where it is alleged that once upon a time he put them over in a real league. But of that there is no very positive proof. Caster is a very good receiver, but there are others. The second pitcher for the Edmonton players is Mr. Wetaskiwin Pittman, an elongated person with many stunts, who is something of a pitcher. His abiding place is Wetaskiwin, but for the once he looked up with the Edmonton team all for the glory of the north.

"The Edmonton players are none too strong with the stick. Up to the ninth innings they had but five hits and a couple of them were very Edmontonish, but that is not the reason the ball critic would size them them up as a trifle weak with the slapstick. They do not shape up to bat like the real thing. They do not put them out like the real thing. They are not batters.

"The Calgary ball team played like a well-regulated machine last night. They had Edmonton shut out until nearly bed time. Until the last innings, when it was a chance matter, the Edmonton team had never got within yards of the pan. In the last innings, in the gloaming, the Edmonton team ran out three of them. Until the last innings the Calgary team had not the semblance of an error, and then the ball got lost in the darkness and suddenly turned up in close proximity to first base before the mighty Fidler had really got set for it.

"The Edmonton team appeared on the field in a very modest uniform, with the glittering word "Capital" which they have been cherishing in all the games in the north, hidden away behind a gray fold, nowhere to be seen."

Of Friday's game the Albertan says: Mr. Wetaskiwin Pittman defeated the Calgary ball team last night and shut them out, too. He did the work and to him is the laurels due. It may be added, however, that without fast, clean ball playing, the great Pittman would have been unsuccessful. On the other hand, it is very safe to say that without the Pittman artist the Edmonton team would have been considerably embarrassed.

If Miller had had perfect support Edmonton would not have had a run at the end of the ninth innings had it not been for a single error at the psychological moment, Edmonton would have been shut out in the first innings, and that means every innings. The Edmonton fielding, with the exception of a lapse by the centre fielder, was perfect. The fielding of the Calgary team on the other hand was not so even. It was brilliant in spots, but it was ragged at times.

## The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour. If it is in good condition it will move 4,588 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little body. Don't take chances. Let us clean and oil and put your watch in order for a year. It will pay you and satisfy you.

## BARGAINS IN FURNITURE

If you want to buy Furniture now is your chance. We are beginning a CHEAP SALE to continue this week, with prices marked away down.

Household Furniture, Pictures, Oilcloth,  
Chamber Sets, etc.

Our Goods are all new and of the Latest Designs  
COME AND SEE FOR YOURSELF.

The Edmonton Furniture Co  
NAMATO AVE. NEAR CORNER JASPER.

People in the neighborhood of Calgary and Edmonton who are  
in need of a

Cooking Range, Heater, Wood Cook Stove,  
or Warm-air Furnace

will do well by seeing the line of goods manufactured by the Guelph Foundry Co. of Guelph, Ont., and for sale at the Warehouses of  
The McDONALD SIMPSON CO., Calgary.

This firm will have complete control of the sale of the famous Grand and New Idea Cooking Ranges, which are fitted with duplex grates, to burn soft or hard coal and wood, the New Idea Hot Blast Heater, just the thing for front hall, dining room, parlor or sitting room. The New Idea Wood Cook with large oven, the celebrated Kelly Furnace, for burning hard or soft coal and wood, made in four sizes to suit size of house.

Nothing worries the house-wife who possesses a GRAND IDEA RANGE. She knows that this range can be relied upon to do its work perfectly.

No poor results from baking. No big drain on the coal bin.

No getting up in the morning to find the fire out.

GRAND IDEA RANGES are made in four sizes and sixteen styles. They are beautifully nickel and are built to satisfy.

Burning hard or soft coal and wood.

## CRICKET

Some of the West side team did not show up on Saturday; a good game, however, was played, the East sustaining defeat by 29 runs.

The West won the toss, and lost two of their best men for one run. The later between however played well and made runs when they were much needed. Their score reached 68. When the East's turn came to bat, the Boyes brothers carried all before them and dismissed their opponents for a total of 19. The West thus led on the first innings by 49.

Continuing, a smaller score was made by the West, Boyes Jr. contributing 22 out of a total of 37. The East were thus left with 88 to win and though they made a hard effort the West seemed all the time to have the match in hand.

The last wicket fell for 58.

Full scores:

## THEY BEAT CALGARY

Bert Russell will be home tonight carrying the silverware won by the battle boys at Calgary. The twelve gold medals will arrive later. After the first game the Calgary team were so confident of winning that they went down to L. H. Bell's jewelry store to select the style of medal they would wear. The medals were ordered on their recommendation, and now, alas, they are to adorn the breasts of the victors from the north. It is hoped the Calgary boys made a good selection.

The second game resulted in a win for Edmonton by a score of 2 to 0, and in the third they won out by 4 to 1. Both games were good fast ball. Our boys played with almost errorless precision. The score in the last game was as follows:

	1	2	3	4	5	6	7	8	9
Edmonton	2	1	1	0	0	0	0	0	4
Calgary	1	0	0	0	0	0	0	0	1

F. McLeard acted as umpire and gave general satisfaction.

## TO EXPLORE THE NORTH

Prof. Harrison of the Royal Geographical Society, of London, England, left on Saturday for a trip to the far north. He was accompanied by Herbert Darrell, a young Englishman who was assistant to Dr. Huxbury on his trip three years ago to Copper Mine River and who explored the territory east of the mouth of the Mackenzie River.

Prof. Harrison and Mr. Darrell purpose taking in the country along the Arctic coast west of the mouth of the Mackenzie. They are going with the Hudson's Bay Company's transports as far as the mouth of the Peel River and from there in their own canoe to Point Barrow in Alaska. After leaving the Hudson's Bay Company's steamer they will depend upon Eskimo guides for the rest of the journey. Their supplies will be secured from the H. B. Co.'s posts and further north from the whalers.

The object of the exploration is to secure information for the Royal Geographical Society, and the trip will occupy about two years' time.

Washing is hard work under any circumstances, why should you make it harder by using poor soap?

## Sunlight Soap

cuts the work in half. It does its part of the work itself, you don't have to scrub or boil the clothes. The Sunlight way is the easy way as well as the best and least injurious to clothes and hands.

The conditions under which my  
**Pharaoh Cigar**  
is made are ideal.  
We have a contented little community of our own, that is not worried by outside conditions. The wholesome, country-town life that we live, tells in the quality of our work.  
Every employee in my factory has his whole heart in his work. From the oldest workman, who started with me when I had a small room for a factory, a big bunch of enthusiasm and a high idea of quality, down to the lad who just joined us the other day, every one is putting the best that is in him into his work.  
Under such conditions it is no wonder that my Pharaoh is the best ten cent smoke on the market. We are all working with the one object—to produce the best cigar possible.  
I go to Cuba every year and buy the best tobacco produced. I know that every leaf that comes to my factory is right. My workmen see that every mill they give it will help make it a perfect, even-burning smoke. Its a combination that's hard to beat.  
None genuine unless branded "Pharo." Price 10 cents.

Acknowledged the highest example of up-to-date Range Making. All the good points without many of the defects of the ordinary kind.

#### LIGHTNING STRUCK A HOUSE.

The house on ex-Alderman Grier-son's farm, occupied by Mr. Lairson, was struck by lightning during the storm last evening. The family had just finished supper and were not a little surprised to see some boards in the floor suddenly tear themselves up, as it were, the bolt having come down the chimney to the stove, tearing up the floor, and losing itself in the earth. No one was hurt and comparatively little damage was done.

#### LOCAL

Five cases will come up in the police court tonight. One for non-payment of wages, three for non-payment of licenses and one for assault.

Arrangements are being made for a lacrosse tournament in Calgary about the first week in August in which the local team is to take part.

Mr. Gibbons, of Winnipeg, addressed the men's meeting in the Methodist church Sunday evening. Prof. Riddell presided. The meeting was very well attended.

The Ladies Aid of the Poplar Lake Presbyterian church will hold their annual picnic on Friday, July 21st, at McDermott's grove. All kinds of sports. Everybody invited.

There will be a lacrosse game on the ball grounds tomorrow, Tuesday evening at 7:30 o'clock between Spruce and Edmonton. This is the third league game between these teams. One of the two games played was won by the city team and the other was a tie. This game therefore promises to be a hard fought battle and should be well worth seeing.

#### MAY BE SUICIDE

Regina Standard: The disappearance of Theron S. Couch, who, for some time conducted the business of Couch Bros., painters, and the alleged non-payment of creditors, who are reported to be many, has caused considerable talk in the city for some time.

considerable time past, and particulars of the case have been eagerly sought after. Reports have gone the rounds of the city of murder, suicide, and many said that he simply "skipped out."

Several weeks ago, Couch went out to Lumsden with A. Woodrow, one of his employees, and from there they drove to the lake about 25 miles distant. One morning, early Couch informed his companion that he was going out to fish, and took his coat with him. He did not return. The boat and the man had both disappeared, and Woodrow was left to "paddle his own canoe," to use his own words.

Woodrow states that in leaving, Couch had taken with him all the money in the camp, and that he (Woodrow) was left to pay the bills. An I. O. U. was given for the team, and money borrowed to bring Woodrow back to the city.

Arriving in Regina, Woodrow found that Couch had not returned and was, therefore, at a loss what to do. Shortly after that the Couch business was taken over by the sheriff, and the matter of the disappearance of the man was dropped.

Yesterday, however, there were reports to the effect that a body had been found in the lake, and the Standard correspondent at Lumsden, wired, in response to our inquiry:

"Reported at Strassburg that body has been recovered. Particulars later."

Up to a late hour this morning there was nothing new in the case; the whereabouts of Couch are still unknown. One gentleman who came in from the lake last week stated that the man was living with a farmer up there, and another states that the man was drowned. Neither seemed able to supply any authentic information.

Inquiry at the home of his parents in Portage, la Prairie, does not elicit anything new, and the people there are evidently in entire ignorance as to the man's whereabouts.

If a body has been found it might possibly be that of another man who has been missing from the Lake country for some time. The police are working on the latter case, but as yet have not received any authority to commence a search for Couch.

#### MADE BY HAND

I HAVE each  
Pharaoh cigar  
rolled by hand!

I do this in  
order that the  
leaves that go  
into the filler may be properly  
placed, with the top towards the  
burning end of the cigar.

It also enables the packing of  
the filler to be properly done--  
you will find my Pharaoh will  
smoke easily and evenly from  
end to end!

I see that the materials are  
of the highest grade as well.

Cuban tobacco I myself  
select from the Manicureagua  
district, in the Province of Santa  
Clara, is the filler--the most  
expensive Connecticut Broad-  
leaf is the binder, and a clear,  
beautiful Sumatra I import from  
Holland is the wrapper.

My Pharaoh makes a  
mighty good smoke for the  
money.

*James J. Payne* LIMITED  
GRANBY, P.Q.

None genuine  
unless branded **PHA-RO**

#### The Cream Separator that is the Cheapest in the End.

There are some folks who are ever-  
lastingly trying to get "something for  
nothing." They buy a wagon at a "bar-  
gain" price because the agent says it's  
"just as good." And then, after a few  
months, when the tires and spokes have  
all loosened up, they cuss the wagon.

Price not the only Difference.

It's the same way with cream separa-  
tors. You can buy many other separa-  
tors for less money than the U. S.  
Cream Separator sells for, but before  
you've finished paying for the experi-  
ment you'll find price isn't the only dif-  
ference. The cheaper separators soon  
get out of adjustment because built of  
cheaper material by inferior manufactur-  
ing methods; they consume twice the  
necessary amount of oil; they have a  
bowl that will not run true, and does  
not skim clean. The repairs, in the  
first few years would pay the difference  
for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood  
the test of time. Many of them have  
been in use for 10 years, and cost less  
than a dollar for repairs. They run easy,  
skim cleaner than others, have a simple  
bowl, enclosed gears, and a convenient  
low supply can.

The Vermont

Farm Machine  
Co., of Bellows  
Falls, Vt., have  
printed in a hand-  
some booklet a  
few of the thou-  
sands of letters  
from satisfied  
users of the U. S.  
Cream Separator.  
This booklet will  
save you money  
when you buy a separator, and a post  
card will bring it to you.

To insure prompt deliveries and to save  
freight charges for their Canadian cus-  
tomers, they ship from their warehouses  
at Montreal, Sherbrooke, Hamilton,  
Winnipeg, Calgary and Vancouver, but  
all letters should be addressed to  
Bellows Falls, Vt.

## News in Brief

Kelly won the diamond sculls at Henley in the record time of 8 minutes 10 seconds.

Martial law was abolished Friday over the whole of Formosa and the Pescadore Islands.

In the debate on the V.V. & E. bill Sir Wilfrid Laurier refused the Foster amendment that the line cannot be built south of the boundary. There will be absolute freedom in railway building in British Columbia.

At Russia's request both Bulgaria and Roumania have issued notifications that any mutinous ships entering their harbor will be obliged to disarm immediately, or leave port; and that no supplies will be furnished them.

The Perry memorial relief fund for sufferers in the war, contributed by Americans and Japanese, realized \$5,150. This sum was presented Saturday by President Smith of the memorial association to the Minister of the Imperial Household. The presentation was brought to the notice of the Mikado, who enthusiastically expressed his warm appreciation of American sympathy.

The Interstate Commerce Commission has modified its recent decision in the matter of differential freight rates on lake grain to and from north Atlantic ports so that weight might be taken of the lighter weight of oats and barley over wheat, corn and rye. The differential was fixed at 3-10c. per bushel under the rate to New York. This stands for all but oats and barley, on which the differential is fixed at one-sixteenth of a cent per bushel.

The French Minister of Marine has issued a bulletin announcing that the French submarine boat Farfadet went down on Thursday morning at nine o'clock at the entrance to the port of Sidi Abdullah, Tunis, under the following circumstances: Commandant Ratier, at the moment of plunging, noticed that one of the doors was not closed properly, and rushed to adjust it hurriedly. He was too late, the water rushing in with force and throwing out the commandant and two men, the boat sinking in ten metres and lying in the mud at the bottom. Twelve men were encased in the boat and powerful tugs and a strong contingent of engineers are working in an attempt to bring up the boat. The entombed men are together aft, and are attempting to communicate with the divers.

## LECTURING TOUR.

Principal Riddell of Alberta College is leaving for the East on Wednesday morning to make an extended lecturing tour of summer schools conducted under the direction of the Missionary Society of the Methodist Church. Mr. Riddell will deliver addresses on Bible study at the following places: Montreal, Quebec, Ont.; St. John, N.B.; Sackville, N.B.; Berwick, N.S.; Halifax, N.S.; Charlottetown, P. E. I.; Fredericton, N.B.; and Toronto, Ont.

The Principal is also down for several addresses on Alberta, and no doubt the result of his tour will be profitable to this country. His position here, and the class of people he will meet will make his addresses a good medium for diffusing information about the possibilities of the new province in the West. He will be gone about six weeks and it is his purpose to make some effort towards securing contributions for the addition to the college now being built.

## PEMBINA NEWS

Pembina River, June 29th.—An English gentleman who has recently purchased a large tract of land on the east shore of Lac La Poudre is building a fine house.

There is a movement to have a summer resort at the south side of Island Lake. This is a beautiful lake of about 3,000 acres. There is already a colony of Swedish settlers near there.

There were twenty land seekers on the river in one day last week and already several claims are staked on the Athabasca River.

Robert Telfer, Methodist Missionary for this district holds service on both sides of the river every other Sunday and the other Sunday at Onion Prairie and Long Lake.

Our new post office is Bellevue and is at the residence of Mr. Telfer, on Sec. 2-58-3.

Several of the miners from the Athabasca River have returned on account of high water.

Mrs. Gordon Macdonald's brother and family from Soo St. Marie are visiting her at her home on the Pembina.

Margou J. Boek who has charge of the Pembina River ferry informs us the river is higher now than at any time this year.

Mr. Ross is in Edmonton.

## SCHOOL REPORT

Vegreville, Alberta, June 30.—The following is the classification of the pupils of the Vermilion S. H. No. 278:

## MARTYRDOM DESCRIBED

Kington Man tells how he Suffered and How he was Released.

"For years a martyr," is how Chas. H. Powell of 105 Lugina Street, Kington, begins his story. "A martyr to chronic constipation, but now I am free from it and all through the use of Dr. Leonard's Anti-Pill."

CHAS. H. POWELL. Many who are now suffering from this complaint will be glad to learn from Mr. Powell's story that there is hope for the most stubborn case. He continues: "I was induced to try Anti-Pill by reading the testimony of some one who had been cured of constipation by it. I had suffered for eighteen years and had taken tons of stuff recommended as cures but which made me worse rather than better. Doctors told me there was no cure for me."

Dr. Leonard's Anti-Pill is for sale by all Druggists or by The Wilson-Fyle Co., Limited, Niagara Falls, Ont.  
Mr. Powell will verify every word of these statements.

## Household Filters.

Every family having city water in their house should have one of these Filters. The price is only \$3.00, and they can be shipped on or taken off any water tap in a quarter of a minute. They are Stone Filters and are easily cleaned.

**You Wouldn't Eat Dirt**

WHY drink it? Guard against disease and poison from impure water by using a

**NOXELL**

**Germ Proof Water Filter**

Positively removes all germs and impurities. It is quick-flowing, simple, compact, cleans in a minute and does not require frequent renewal.

CALL AT THE STORE FOR DEMONSTRATION

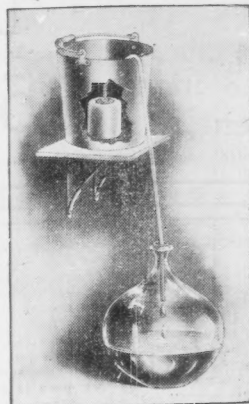

**ROSS BROS. Limited**

## Gravity Filters

that are used for filtering water from one vessel to another.

Price only \$2.50.

## MALTHOID ROOFING

Known all over the world for its wonderful enduring, weather-defying qualities. Requires no paint—always ready for instant use. A hammer, together with tin caps, nails and cement, which are furnished free, is all that is needed to make a perfect roof.

Write for illustrated booklet.

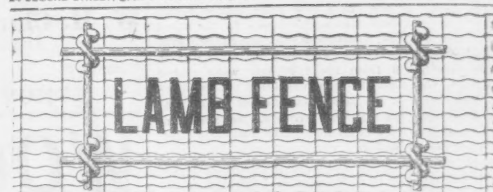

THE Paraffine Paint Co.  
MAKERS OF SATISFACTORY ROOFING

24 SECOND STREET, SAN FRANCISCO, CAL.

These heavy rains will search out any leaks in your roof. We are Sole Agents for the famous

## Malthoid Ready Roofing

You can put on a new roof or repair an old one. Any one can do the work. Caps and cement go with the roofing, and all you need is a hammer to put it on with.

Our Lamb Woven Wire Fence is the best on earth. This fence is made from the best hard steel galvanized wire, and when once put on the posts nothing can budge it. It will not sag from expansion or contraction and will outwear any fence posts. Keep in widths of 24, 30, and 50 lbs. per.

We are Sole Agents for Edmonton.

**Ross Bros. Ltd.**

## THE NEWS OF THE DAY

## IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

## HOPE ABANDONED

Paris, July 10.—All hope of saving the crew of the submarine *Fafrade* which sank Thursday in Fort. Sidi Abdallah has been abandoned.

## TO MAKE A RECORD.

Halifax, July 10.—The loss of the steamer *Salerno* at the entrance to the harbor was a factor which was largely the means of settling the trouble between the crew of the Government cruiser *Canada* and the marine authorities. The *Salerno* crew were out of jobs and the cruiser's captain found them available for the Canadian warship. He let out unwilling seamen and signed the *Salerno*'s men and the *Canada* sailed this morning for her cruise to intercept the (turbine) *Virginian* with the Canadian mails and land them at Sydney for a fast run by the intercolonial to Montreal. The *Virginian* left Mobile on Tuesday and is expected off Nova Scotia tomorrow. She will be met by the *Canada* which will transfer the mails (to a special intercolonial train at Sydney). The experiment is to test the speed possibilities of the Canadian route.

## AN INDIAN WOMAN KILLED.

Caledonia, Ont., July 10.—Betsy Jacobs an Indian woman 30 years of age was found this morning dead on the floor of her home, her face beaten in and marks of strangulation on her throat. She had been criminally assaulted. A letter addressed to Jos. Bennett which the Indian admitted as having been delivered to him yesterday was found on the floor. Bennett made for the woods. The bush has been surrounded and his arrest is hourly expected.

## BALL GAMES

Winnipeg, July 9. — Saturday's scores—Superior 7, Winnipeg 6; Duluth 9, Fargo 7; Grand Forks 4, Crookston 3.

Sunday—Winnipeg 5, Superior 2; Fargo 11, Duluth 2.

## A PECULIAR OPERATION

Berlin, Ont., July 10.—Three years ago Mrs. Adam Muir underwent an operation. A pair of forceps slipped and escaped the notice of the operator, remaining in the woman's body until last Tuesday, when the instrument, five inches in length, was located by X rays. It was removed but peritonitis set in and she died yesterday.

## DEPARTMENTAL CHANGES

Ottawa, July 10.—Collingwood Schreien is to be appointed Consulting Engineer of the Department of Railways and Canals and Major Buller who was assistant engineer of the National Transcontinental Railway is to be appointed Deputy Minister and Chief Engineer of Railways and Canals.

## AUDITOR GENERAL RESIGNS

Ottawa, July 10.—The Auditor-General sent his resignation to Governor General yesterday. He asks that eight years be added to his superannuation allowance or \$2,800 in all.

## DIED WHILE EATING

Toronto, July 10.—Sitting beside the table upon which remained food, with his body badly decomposed, Thos. S. Patton, who roomed at 100 Shuter street, was found dead this afternoon. Patton was 75 years old. His wife died in the same room three years ago. The old man had been dead about a week. Heart failure had apparently overtaken him while eating.

## HYMAN'S BIG BLOW-OUT.

London, July 10.—The Hyman picnic was an immense success. Twelve thousand people were entertained and tons of food consumed. My Hyman ran second in the fat man's race.

Ottawa, July 6.—As Sir Frederic Borden announced in the House some time ago, Medicine Hat will be the headquarters of Strathcona's Horse, the new mounted regiment to be established in the Territories. Climate and other conditions are favorable for the maintenance of a mounted corps.

Calgary Herald: Hon. F. W. G. Haultain premier of the territories, arrived in Calgary on No. 1 yesterday afternoon from Regina, and was met by a number of prominent citizens. The premier will take in the exhibition and leave tomorrow to visit Macleod, for which constituency he sits in the Legislature.

## CITY GOVERNMENT:-

Mayor, K. W. MacKenzie; Aldermen, O. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. E. Fieard, W. A. Griesbach.

Conveniences:-Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:-President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, F. T. Fisher.

Educational Institutions:-Public and separate schools, high school, Alberta College.

CHURCHES:-Roman Catholic, Anglican, Presbyterian, Methodist Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:- Leaves for Strathcona 7.45 and 10.50. Arrives from Strathcona 9.15 and 10.50.

## LOCAL

-H. Oppertshausen is erecting a hardware store at Stony Plain.

-New electric light poles and transformers have been installed on Nanton avenue.

-Edmonton and Strathcona play lacrosse on the grounds here tomorrow evening.

-The Orangemen of the district picnic Wednesday in the north-eastern part of the city.

-A heavy shower fell early last evening. The storm was accompanied by vivid lightning.

-Cushing Bros. will send another raft of lumber to their yard at St. Paul de Metis in a few days.

-Mr. McFarlane, inspector of Dominion surveys, left on Friday to inspect the survey work recently done in the Pembina country.

-The Stony Plain football club held a successful picnic on the 4th. Games of all kinds were played. Speeches were delivered by S. Truscott and D. Prox on the political issues of the day.

-J. A. Calder, deputy commissioner of education for the Territories, has handed in his resignation of that office, his intention being to go into law. Mr. Calder is a former resident of Edmonton.

-Miss Edmonds, who has been engaged in mission work in the Galician settlement at Pagan, will address the Epworth League in the Methodist church tonight on mission work among the Galicians.

-The men's meeting announced to be held in the Baptist church yesterday had to be called off by Mr. Parsons, Y. M. C. A. secretary, who was to address the meeting not arriving on Saturday as expected.

-Poncha Herald: The North West Lumber company have now the bulk of their logs in the river, nearly 37,000, and will 14,000 in Pigeon Lake and creek. A large staff of men are employed, and with the mill in first rate order the firm will soon have a large supply of lumber on the market.

-An eastern business man who has been looking over the west for location spent a day in Calgary on his way here. He was almost besieged by people in that town who insisted on him staying there, and everything possible was done to discourage his coming to Edmonton. He came here, however, and has now gone east to move his family to this city.

-About twenty members of Edmonton Lodge, No. 53, and Jasper Lodge, No. 56, A. F. &amp; A. M., drove out to Fort Saskatchewan yesterday to attend a Masonic church service. Owing to some misunderstanding, the service was held at 7.30 p.m., instead of 4 p.m., as was expected, so the visitors were unable to wait. On their return trip they encountered the heavy thunder storm of last evening.

-Innisfail Free Lancer: A short time ago a dog belonging to W. G. McArthur began acting strangely, and a few days afterwards Mr. McArthur noticed him chasing the horses and cattle. Mr. McArthur, believing the animal had gone mad, destroyed him and began watching his stock. Symptoms of rabies appeared in some of the cattle, several of them dying. Mr. McArthur believes the dog had bitten some of the horses, but so far no signs of disease has followed.

-Mr. Chester D. Massey, of the Massey-Harris Co., executor of the late A. Massey estate, has made a contribution of \$5,000 to the Alberta College in aid of the extension at present under erection. The contribution is on conditions that the building be completed free from debt. As this sum will amount to about one-third of the cost of the new building, Principal Riddell is quite confident the conditions will be fulfilled. The gift is a generous one and is much appreciated by those interested in the college.
